Good Game, Would recommend having a controller to play. Best price and content V quality.. A FEW LUMPS OF DATA ITS ABOUT CRAPP ALL STEAM URE REP IS GOING DOWN THE PAN U DONT CARE ANYMORE
SO SAD

. This game runs like crap lags so bad need a jacksepticeye level computer to play. add playstation controls to game would be great. thank you

. Game is amazing the only one bad thing is the driving system don't buy if you don't have a controller. Loved it , includes single gp and champonship and all the riders V tracks and teams of the 2015 season.

Not the full game but provides a cheaper alternative to the full game.

Would maybe recommend playing using a controller.
